KICK ABOUTZ is here...

Street Football has proven to be very successful in other areas of the Country, offering youngsters the opportunity to **improve their sport, team building, communication and social skills.** Providing activities of this nature has proven to help reduce local anti-social behaviour. In 2012, Calne Town Council was awarded £9,000 to launch a new street football initiative called "**Kick Aboutz**".

Kick Aboutz is an **inflatable programme** which aims to give young people of Calne a place to play football any where in the community. The inflatable is 30 meters x 20 meters with goals at both ends. **ENJOY!**
